

# The Rotary Club of Novato Sunrise

A Member of Rotary International, Chartered May 3, 1994

## Thinking about becoming a Rotarian? Learn about the Novato Sunrise Club.

Our Club is composed of professionals and business men and women who live or work in the Novato area. Our members are working in diverse areas such as finance, insurance, waste management, city and municipal government, law, education, the arts, and real estate. We enjoy a breakfast meeting once a week where we socialize, discuss club news, and listen to guest speakers. By 8:30 AM, we are off to our various jobs and pursuits.

As Rotarians, we firmly believe in the motto of Rotary International: **Service Above Self**. Here are some of the many service projects that our Club has undertaken.

- **International Service Projects.** The Novato Sunrise Club has proudly completed service projects involving water, food, and health in many countries of the world.
- **Vocational Service Projects.** We honor the value in all professions, and our vocational projects have honored persons in this community whose commitment to their work is worthy of recognition. We also use Vocational Service as an opportunity to let our members network to expand their own business efforts.
- **Community Service.** Novato is a better, safer place to reside because of local projects our Club has performed.
- **Youth Service.** Our many projects involving Literacy have helped the students and teachers in all of Novato's schools.

**Seeking To Network Your Business?** As a Rotarian in our Club, you will have many opportunities to meet local business decision-makers who can influence your business.

**We work hard, and we also play.** When people are accepted into our Club, they immediately gain the close friendships of some of Novato's finest citizens. Side by side in our service projects, we hold fast to the commitment that serious work is done best if we make it fun to do, so we regularly have our "Fun n Frolic" events which include dinners, picnics, and outings for special occasions.

**Broaden Your Horizons.** Rotarians of our Club are welcome to visit any of 31,000 Rotary clubs throughout the world. For more information, please contact:
